RE: Possible Factious Solicitation

We received a call from a local business and another from an out of town business claiming they had a call from a Michael Ryan stating he was raising funds for a Fire Safety Handbook/Pamphlet or Guidebook.

The following affiliations **are not** conducting a fundraiser at this time:
The Southborough Fire Department
The Southborough Permanent Firefighters IAFF Local 3129
The Southborough Firefighters Association

These organizations will publicize on several media outlets when they do their fundraising events.

If anyone receives a call from someone soliciting money and you're not sure if it's legit, by all means contact your Police or Fire Department directly.
