

Dear Parents,

I am writing to ask that you take a few minutes to respond to a survey regarding the proposed 4th grade 1:1 pilot project. We are asking that you respond to this survey so that we can get everyone's opinions on the project before going forward. In addition, if you are a 4th grade parent, we are also asking your current intentions regarding participation in the project, because that information will also help us in our decision-making.

The following is the URL for the survey (copy and paste it into your browser):

<https://www.surveymonkey.com/s/W37L6WX>

The survey will be open until 8:00 p.m. on Thursday, November 7th, and we will appreciate it very much if you can take a few minutes to respond to it.

If you are a 4th grade parent, a hard copy of this letter will be coming home to you with your child today, with a 4-digit number printed in the background. You will need to enter that 4-digit number to access the 4th grade parent question on the survey. This number was generated randomly, by our photocopy machine, and we will not know who received what number – its only purpose is to identify 4th grade responses. We will have a few extra numbers available in case you lose the number on your letter – just call the office if you need another one that will work.

In addition to the survey, I am also attaching to this email the revised draft of FAQs, which has been revised to reflect some questions and answers from last Wednesday's meeting, including questions about the legality of this project, additional information about 4th grade, and various questions about apps.

Thank you all for your thoughts, comments, and suggestions, and for participating in this survey.

Sincerely,

Linda Murdock

Linda A. Murdock,
Principal
Neary Elementary School
