Open Letter:

Today I withdraw my name as a candidate for Selectman. I've given this decision careful thought. After speaking with some of the candidates, I feel confident they will work with the town's best interests in mind.

Therefore, I fully support and endorse John Wood and Daniel Kolenda as Selectmen. I want to thank everyone who encouraged my candidacy, signed my nomination papers, and provided advice and support.

I'm confident our next Selectmen will work hard to face any upcoming challenges in our town government.

Thank you,
